 Address: _____ Pattern Color: _____
 Telephone: _____ Content: _____
 E-mail: _____ Repeat: _____

Please specify any special requirements and check the application below:

COM Only

Up the Roll

Railroad

Actual Fabric/Vinyl Samples needed instead of digital images. If digital images are sent in lieu of samples, CFC Healthcare will only verify the pattern and will not take responsibility for color variances that cannot be verified due to printing restrictions.

NOTE: In the absence of application instructions, CFC Healthcare will apply the material in the best manner and cannot be held responsible for tailoring or application objections after upholstery.

Unless otherwise instructed on the purchase order, excess COM materials will be recycled at the discretion of CFC Healthcare after six months of the original product ship date.

NOTE: The COM approval solely pertains to the application of the fabric onto the specified CFC Healthcare seating product. CFC Healthcare's approval or acceptance does not constitute any responsibility or warranty to the overall appearance, durability, flammability, defects, dye lot variations or colorfastness of the COM. It is the customer's responsibility to ensure the COM meets CAL 117 compliance and are first quality continuous goods.

FLAMMABILITY CODES AND COMPLIANCE

CAL117

All CFC Healthcare seating products conform to California Technical Bulletin 117 as a minimum standard.

CAL133

To meet the California Technical Bulletin 133 flammability regulation, a combination of proper materials must be used to pass, as it tests the fire resistance of a finished product. Flame resistant fabric, a fire blocker material and special foam must be used to pass CAL133 fire codes. Testing is available for all seating products with the following fees and considerations:

- * If laboratory certification is not required, any style can be manufactured to comply with California Technical Bulletin 133 for an additional charge. (Customer's Own Materials must factor in additional yardage requirements based on repeat.)
- * The purchase order must clearly indicate the requirement of California Technical Bulletin 133.
- * If laboratory California Technical Bulletin 133 certification is required, there is additional cost of testing a chair, plus the cost of chair and covering material. Please request additional pricing if required.
- * An additional lead time of 4 to 6 weeks is required for testing for CAL133.
- * Once testing is completed, we will provide a certification letter specific to the sample tested for CAL133.
- * CFC Healthcare's manufacturing procedures for California TB 133 compliance are based on the testing of representative styles with specific fabrics. Please contact Customer Service for an updated list of tested models.
- * A copy of test certification is available upon request.

COMBINATION FABRICS

CFC Healthcare is pleased to offer customers the design freedom of combination fabrics. When using fabric or vinyl or combinations, pricing will be as follows:

- When combining two materials of the same grade, pricing will be specified grade + 5%.
- If combining two materials of different grades or leather/fabric combination, use the highest grade/price + 5%.
- If using COM, pricing will be COM + 5%.

COM ORDERING AND YARDAGE REQUIREMENTS

C.O.M. Ordering Instructions

Please complete the COM Submission Form prior to ordering the fabric from the supplier. All COM fabrics must be approved prior to order submission. Please refer to our website or contact CFC Healthcare Seating Customer Service for an updated list of preapproved COM fabrics. Application instructions must be specified on the purchase order or COM submission form. In the absence of application instructions, CFC Healthcare will apply materials in the best manner and cannot be held responsible for tailoring or application objections after upholstering. COM orders will be scheduled for production after receipt of the material. Packages must be clearly marked and the fabric must be first quality, continuous yardage.

C.O.M. Yardage Requirements

The yardage requirements stated in this price list for each style are calculated using 54" wide, non-directional fabrics. For fabrics with a different width or for patterns with repeats, please refer to the below chart to calculate the additional percent of fabric required:

<u>Fabric Width</u>	<u>Plain Fabric</u>	<u>2"-14" Repeat</u>	<u>15"-19" Repeat</u>	<u>20"-27" Repeat</u>	<u>28"-36" Repeat</u>
54"	0	15%	20%	25%	30%
53"	6%	19%	24%	28%	36%
52"	13%	23%	28%	33%	38%
51"	19%	26%	31%	36%	41%
50"	25%	30%	35%	40%	45%
49"	30%	35%	40%	45%	50%
48"	35%	40%	45%	50%	55%
47"	45%	50%	55%	58%	65%
